# DURACoil 546X

Uncoated engineered DURACoil liner reinforced with HPPE

## FEATURES

- Multifilament polyester wrapping DURACoil liner reinforced with HPPE
- EN 388:2016 Cut Level C
- ANSI/ISEA 105-16: A3
- Uncoated palm
- 13-gauge liner
- Seamless knit
- High performance polyethylene (HPPE)

## BENEFITS

- Increased cut resistance performance due to engineered DURACoil wrapping technology
- Optimal dexterity and tactile feel retained
- Maximum comfort when performing delicate tasks due to soft and flexible HPPE properties combined with high multifilament wrapping technique
- Seamless knit designed to prevent irritation
- Designed for easy movement and continuous wear
- A flexible, light glove providing effective protection against cuts
- Cost-efficient gloves that can be laundered and re-used
- Multi purpose cut glove at a nominal price
- A light, elastic low lint glove
- Light colour helps indentify soiling and contamination

## INDUSTRY

- Aerospace
- Automotive
- Cleanrooms
- Manufacturing
- Mechanical
- Warehousing & Distribution

## IDEAL APPLICATIONS

- Intricate parts handling
- Cleanroom
- Component Assembly
- White goods
- Quality control

## MATERIAL

- Engineered yarn
- HPPE
- Polyester

## COATING

- Uncoated

## NORMS

Cat. II

CE
0120

EN 388:2016

## [ USER INSTRUCTIONS

Do not use where there are chemical, electrical, thermal or entanglement risks. Wash at 40°C max. Performance levels as per standard EN388 retained after 3 washes, subject to variations linked to actual usage conditions. The performance levels apply to the coated surface only. Store in a dry place, away from the light.
