

Cut protection glove, aramid liner, natural latex coating

FEATURES

To the companies specialized into the fabrication or the handling of all kinds of glass: we highly recommend to conduct a compatibility test on the chemically or electronically treated glass in order to see whether the latex coating is appropriate for direct contact with the surface of the glass.

- Coated palm
- Elasticated cuff
- Rough finish over entire surface
- Antibacterial and anti-odour treatment
- Kevlar fibre
- Anatomical shape
- Seamless knit

BENEFITS

- A flexible easy-maintenance glove providing effective protection against cuts and with very good durability.
- Protects the hand in damp environments or against aggressive detergents or alcohols
- Breathable back of hand to reduce perspiration
- Surface provides tactile feel and better grip
- Greater hygiene
- Designed for easy movement and continuous wear
- No irritation by seams in contact with the skin

USER INSTRUCTIONS

Do not use where there are chemical, electrical, thermal or entanglement risks. Wash at 40°C max. Performance levels as per standard EN388 retained after 3 washes, subject to variations linked to actual usage conditions. The performance levels apply to the coated surface only. Store in a dry place, away from the light.

DISCLAIMER

The descriptions, characteristics, applications and photos are given for information purposes and do not constitute a contractual commitment. The manufacturer reserves the right to make any modifications it deems necessary.
