Spain - Royal Decree 847/2011

When used as intended, the overall migration and specific migration of substances subject to restriction do not exceed the legal limits (calculated as 6 dm² glove per 1 kg of food).

This compliance statement is based on information received from material suppliers, migration testing undertaken according to Directive 82/711/EEC and 85/572/EEC, mathematical modelling and quality control systems in place at SHOWA. Supporting documents are available and can be disclosed to the competent authority on request. Although dual use food additives are present in these gloves, they are inorganic and none migratory.

This Declaration is for the product specified above and is valid for two years. An updated statement will be provided if the information on which the declaration is based changes or regulatory requirements impact on its validity.
