

RP390

Acrylic liner provides protection from cold ensuring warmth and comfort all day long

DESCRIPTION

PVC fully coated glove

FEATURES

- Seamless knit acrylic liner
- High abrasion resistance
- Extended length of 300mm
- Hand fitting design

MATERIAL

13-Gauge Cotton + 7-Gauge Acrylic liner

COATING

PVC

BENEFITS

- Acrylic liner provides barrier from cold at low temperature of -20°C ensuring warmth
- Acrylic liner are soft, stretchy, and comfortable to wear for extended periods
- High abrasion resistance enhances durability and wear time
- Extended length for extra protection
- Superior fitting for long working hours

APPLICATIONS

- Cold storage handling
- Winter outdoor work (construction, logistics)
- Agriculture in cold climates
- Oil & gas, marine industries in winter
- Chemical spraying & treatment
- Refrigeration
- Washing & cleaning
- Plumbing

INDUSTRY

- Agriculture
- Fishery
- Construction
- Janitorial
- Machinery
- Oil and gas
- Warehousing and distribution

PACKAGING

- 6 Pairs per polybag
- 10 Polybags per carton
- 60 Pairs per carton

LENGTH

300mm

THICKNESS

-

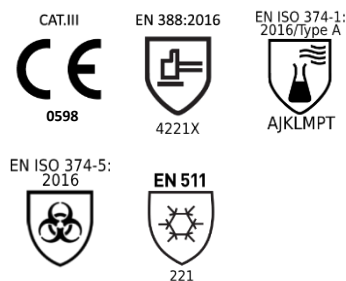

SIZES

- 7/S
- 8/M
- 9/L

USER INSTRUCTIONS:

Gloves provide protection from mechanical hazards shown. Do not use gloves that show signs of wear. If required, cleanse outer surface of glove with running water. Discard used gloves in compliance with local regulations. Do not wear gloves when there is a risk of entanglement by moving parts of machines. This model does not contain any substances at levels that are known to, or suspected to, adversely affect user hygiene or health. The levels of performance mentioned are only valid for the palm of the glove. The protection against risks or hazards which are not mentioned in this document is not warranted.
